SHRI VAISHNAV VIDYAPEETH VISHWAVIDYALAYA

HEALTH CON' 2021

Shri Vaishnav Vidyapeeth Vishwavidyalaya invites you to the 5th HealthCon scheduled to be held on 19th and 20th November, 2021 on the theme *Scientific, Socio-psychological and Economic impact of Covid19*. The conference will be online and will have lectures by invited speakers and presentations by researchers.

As a result of the emergence of corona virus disease 2019 (COVID-19) outbreak caused by severe Acute Respiratory Syndrome Corona virus 2 (SARS-CoV-2) infection in the Chinese city of Wuhan, a situation of socio-economic crisis and psychological distress rapidly occurred worldwide. This outbreak created a global health crisis with a deep impact on the way we perceive our world and our everyday lives. The impact of the pandemic is not limited to Health Science but has extended beyond Socio-psychological and Economic fields. In India, about 40 million people have been infected till now and the health sector is engaged in the prevention of the spread of the disease.

Since the outbreak of the pandemic, besides epidemiological studies and scientific discoveries for finding new medicines and vaccines for treatment, research is also being conducted in various other areas related to the disease. All the major sectors like Agriculture, Industry, Transport, Tourism, Education etc. have been adversely affected by the pandemic all over the world including India. The present conference will focus on the impact of Covid19 in the Indian context and present the research activities in the field of science, medical science, social science, psychology and economics. The conference will be of multidisciplinary nature to assess the overall impact of Covid19 in India and the future post-Covid19 prospects under new normal. Research papers related to Covid19 in the following broad areas are invited for presentation in the conference:

- Models and predictions
- Drugs and vaccines
- Variants and Strains
- Symptoms and post- Covid complications
- Diagnostics and Therapeutic strategies
- Hospital management
- Community spread and prevention
- Economic impact
- Socio-psychological impact
- Wellness and Mental Health
- Impact on Academic Institutes
- Role of Mass Media during pandemic
- State Policies during the pandemic
- Post-Covid scenario and new normal
