***Teacher Assessment** shall be based on following components: Quiz/Assignment/ Project/Participation in Class, given that no component shall exceed more than 10 marks.

Course Objective

This subject aims at utilizing the computer in maintaining accounting records, making management decisions, and processing common business applications. It will help students to develop further skills in maintaining accounting records and will provide in-depth exposure to accounts receivable/accounts payable, payroll and inventory modules.

Course Outcomes

CO1 Demonstrate an understanding of accounting theory.

CO2 Communicate effectively using standard accounting terminology.

CO3 Apply accounting procedures using specialized computer accounting software.

CO4 Demonstrate an understanding of accounting reports and records.

CO5 Apply select computerized accounting software to analyze and record transactions including general accounting transactions
